

Event Report - End Of Leg One

We're expecting the first crews back to Crieff Hydropathic establishment for the first of our two nights stay.

We have yet to have it officially confirmed but we 'understand' that car 1 Graham Walker / Sean Toohey may have been 'shopping'.

Car 3 has rejoined the event after missing most of the morning's route.

Car 83 Steve / Julia Robertson have not had the best of starts after a frustrating regularity one which saw them get baulked they managed to limit the damage to 11 seconds.

We are now hearing that they have broken down and are trying to repair the MG B, we're not sure exactly what the problem is.

Car 2 Mark / Susie Davenport: Apart from losing a nut from the back of the gearbox on the very first test, we have thoroughly enjoyed what has been a fantastic day

Car 16 Niklaus / Gisi Frueler: A muddy road in the woods with a huge lorry coming the other way meant we got stuck in mud and we only just got out after plenty of mud-slinging

Car 28 Klaus / Hildegard Mohr: We had to almost go back to Gleneagles to get the right kind of petrol.

Car 41 Johnathan Money / Phil Feast: We had to put two wheels on a verge to avoid a tractor pulling out and hadn't seen them coming. 'If I'd known you were taking me into a field I would have brought a Defender.'

Car 46 Robert Crofton / Nicholas Riddell: Ended up in a field and near to a lake as they thought they might go fishing.

Car 49 Alexandre / Christine Pesci: All okay otherwise other than the field.

Car 50 Oliver / Aileen Kreyden: It was unbelievable that we found the hotel – a day full of ups and downs. loved the drums, bagpipes and distillery.

Car 52 Malcolm Trice / Jeremy Boadle: big tractors and lorries but somehow got around and managed to get in 14 seconds early!

Car 55 Julia / Roger Bricknell: Well, I sit in the subservient seat and just do as I am told, and the end of the day I just do what I am told.

Car 77 Max Behrndt / Gina Bachmann: We had a really fun day, got the Datsun a little sideways on the test which was really enjoyable.
