

Event Report – End Of Day Two

14.) Klaus Mohr (DEU) / Hildegard Mohr (DEU)

First bit was fine and the end was dreadful -Don't ask!

76.) Angus McQueen (GBR) / Rory O'Mara (GBR)

Yeah, good enjoying it.

47.) Kelvin Bromley (GBR) / Alan Pettit (GBR)

Glad this morning is over – just the usual medley of errors.

34.) Jim Jackson (GBR) / Carole Jackson (Eng)

Well okay I think. No I don't think so. No.

17.) Trevor Rogers (GBR) / Michael Sullivan (GBR)

Mess in the first regularity by other road users blocking a slot into the first control and lost a minute. Since then pretty good for us, and still good fun.

7.) Jeff Hooley (GBR) / Ian Hooley (GBR)

It's gone alright had a bit of a barn when driver wouldn't turn where I said. Bear is clinging on and is still dry.

12.) Patrick Liedtke (DEU) / Astrid Liedtke (DEU)

Little bit tired, had a pants morning with a trip metre that didn't work and so dropped ten minutes getting it repaired, as we were on our way to the first test but the mechanics were at the Hotel.

10.) Robert Crofton (GBR) /

Loving my first event – Just getting my head around it now! Bit of a baptism of fire. Swapping drivers and navigators for the tests.

5.) Christian Brash (GBR) / Graham Briggs (GBR)

Badly on the first one missed the turn right and couldn't reverse as there were to many cars behind us.

20.) Derek Skinner (Eng) / Susan Skinner (GBR)

He's gonna be severely shocked when he finds out he has a line fault – please do not tell anyone. Break the news gently.

72.) Andy Simpson (Eng) / Roger Bricknell (GBR)

Alright good day today (almost got a smile out of Roger, followed by a punch), beautiful scenery but not as good as Cornwall!!!

32.) Dilwyn Rees (Wal) / Andrew Duerden (Eng)

'The morning we should of had the afternoon of yesterday', but do remember that in two days time tomorrow will be yesterday.

52.) Andrew Rimmington (Eng) / John Evans (Eng)

Great morning and looking forward to the tests this afternoon.

56.) Mike Tanswell (Eng) / Helen Tanswell (Eng)

Fine, brilliant great day – lovely route losing a few seconds here and there and it's a bit hectic.

61.) Doug Carmichael (Eng) / John Gearing (Eng)

Still in shock after seeing the Devon Pixie expose his belly – Put us off and we are struggling to regain our composure.

9.) Piers Barclay (GBR) / Nicholas Harries (GBR)

Not so good up to coffee after picking up a line fault. But better after coffee, when I learnt how to read the maps.

22.) Darren Everitt (GBR) / Susan Dixon (GBR)

Good, car is going great and making all the right noises. Just see how we go now.

4.) Elliot Dale (GBR) / Charlotte Ryall (GBR)

After a good first day – Please can make Saturday disappear and skip to Sunday. Combination of getting stuck and missing simple slots.

16.) Chris Howell (Eng) / Jon Briggs (Eng)

Good thank you, the rally gods are smiling on us as we have not been baulked yet, famous last words.

73.) Nigel Perkins (Eng) / Pete Johnson (Eng)

Very well (Love you Joxx Big hugs andy), dropped 7 seconds on the regularities.

74.) Ed Abbott (Eng) / Andrew Fish (GBR)

Not as good after coffee and is was before coffee – especially a caravan that thought he could go down a 1:2 hill.

80.) Tony Sheach (Sco) / Rachel Wakefield (GBR)

Dropped seven seconds on the final timing point of the last reg before lunch just through a rookie error.

64.) Laurens Van der Velde (NLD) / Jenny Van de Boel (NLD)

Shakes head in a metaphorical way – Can't read body language but I think they have messed up going by the look of Jenny.

37.) Tim Lawrence (GBR) / Adam Tibbs (GBR)

Messed up.....missed a junction on the map navigation – so we'll drop down a few – darn it.

51.) Daniel Gresly (CHE) / Elise Whyte (GBR)

Don't leave a dog or a navigator in a the car on a hot day. Can't think of anything, we haven't hit any cones today, so far.
