

Event Report – End Of Day Three

44.) Bronwyn Burrell / Suzanne Barker – Yes, we had a really good day, thoroughly enjoyed, and we got a 0!!!

18.) Paul Day / Alun Jones – I've enjoyed the day, but I now have a bloody bad back!

40.) James / Archie Holt – Its been great, his navigating is really improving, though the long way around triangle on reg 5 caught us out big time

27.) Alan Graham / Lola Field-Leather – It's been great, so many peaks, troughs, and fields and the tunnel on reg 5 was incredible! Fabulous roads, it's really been a revelation

53.) Kevin Haselden / Gary Evans – We feel we've done very well today, far better than we did yesterday

2.) Frederick Blakemore / Roger Burt – Been an incredible day, got covered in mud, but that only adds to the fun of it all!

1.) Nick Fry / Nick Madge – We've had such a nice day, it was absolutely fantastic

42.) Derek / Kay Reynolds – Really good day, super super fun!

65.) Helen Park-Weir / Samantha Thomson – We don't know how well we did, but we had fun, though we did take a cone with us on one of the tests

30.) Paul / Roma Handley – We really enjoyed, I know the area very well, we made one or two mistakes, but it's been great to see the area used again in such a good way

79.) Paul Maley / Alistair Kieran – It hasn't been too bad, this afternoon was a little better than this morning, but all in all we can't fault it.

39.) Richard Bowser / Stephen J Verrall – Good day, pretty tiring though, but we've thoroughly enjoyed it

43.) John / Matthew Vincent – Good day with an excellent route, though we didn't do as well as we'd have liked on the last regularity, but there was considerably less traffic today

3.) Bent / Martin Jokobsen – We're not doing too badly considering our lack of trip meter, we did hit a cone on the last test though

59.) Nick / Beth Bloxham – Am I enjoying? Well, he's enjoying!

76.) Angus McQueen / Rory O'Mara – It really hasn't been that bad, as long as we stay on the top page then I'm happy
